WELCOME...

TO THE AUBURN VALLEY HUMANE SOCIETY!

As an employee of The Auburn Valley Humane Society (commonly referred to as the "Organization" or "AVHS") the importance of your contribution cannot be overstated. Our success depends upon the dedication of our employees and we are highly selective in choosing new members of our team. We look to you and the other employees to contribute to the success of the Auburn Valley Humane Society. We believe in putting our customers and their animals first. Our goal is to provide the best animal care and customer service possible. All of us at the Auburn Valley Humane Society are involved in animal care. While efficiency is important, quality of care and service must not be compromised. You are an important part of this process because your work directly influences our Organization's success. We hope you will find your work to be both challenging and rewarding.

This employee handbook is intended to explain the terms and conditions of employment for all full-time and part-time employees.

This handbook summarizes the policies and practices in effect at the time of publication. This handbook supersedes all previously issued handbooks and any policy or benefit statements or memoranda that are inconsistent with the policies described here. Your supervisor or manager will be happy to answer any questions you may have.

We are happy to have you on our team!

Introduction

This employee handbook is provided for your use as a ready reference of the Auburn Valley Humane Society policies, procedures, work rules and benefits. The Organization retains the right to make decisions involving employment as needed in order to conduct its work in a manner that is beneficial to the employees and the Organization.

This employee handbook summarizes the current policies and benefit plans maintained by the Organization. If any questions arise regarding the interpretation of these policies or plans, the answers will be determined by reference to the actual plan documents and policies rather than the summaries contained in this handbook. The Organization is not responsible for any errors or omissions contained in this handbook.

The contents of this handbook are not intended to create any contractual obligations, which in any way conflict with this Organization's "at-will" employment policy. Nothing in this employee handbook or in any other personnel document, including benefit plan descriptions, creates or is intended to create a promise or representation of continued employment for any employee.

SECTION I EMPLOYMENT POLICIES AND PRACTICES

A. At-Will Statement

The Auburn Valley Humane Society hopes every employee will find the employment relationship satisfying and rewarding in all respects. At the same time, it recognizes that relationships are not always mutually satisfactory.

Employment with Auburn Valley Humane Society is at will: you entered into the employment relationship voluntarily, and are free to resign at any time for any reason. Similarly, Auburn Valley Humane Society may terminate the employment relationship at any time and without advance notice for any non-discriminatory reason. Furthermore, no representative of the company has any authority to enter into any agreement for employment for any specified period of time, or to make other commitments or promises or assure any benefit or terms and conditions of employment unless such promises are made in writing and approved in advance by the Executive Director and the President of the Board of Directors.

B. Executive Director's Office

All Human Resources related information and files are located at 4910 A Street SE, Auburn, Washington 98002. If you need information and/or assistance to understand the Organization's policies, procedures, benefit information, and/or employment related issues, please contact the Executive Director's Office at 253-249-7849.

Additionally, the Executive Director or the Director of Operations are the sources for employees to obtain current information on work rules, benefits, personnel policies, payroll data, personnel records, insurance information and internal job opportunities. Employees in other departments are required to refrain from providing such information to employees and instead should refer the individual to the Executive Director or the Director of Operations for assistance.

The Executive Director is also responsible for maintaining complete and up-to-date personnel records for all current employees (see Personnel Records). Therefore, it is the responsibility of all employees to notify the Executive Director promptly of any changes in name, marital status, and number of dependents, home address, telephone number or any other relevant information.

C. Employee Issues

In our attempt to provide a positive and constructive work environment, the Auburn Valley Humane Society believes in an open door policy. In the event you have a concern or problem, you should bring the problem to the attention of your immediate supervisor as soon as possible. The supervisor will review the situation and respond to your concern promptly. However, if your concern is your immediate supervisor, you should direct your concerns to the management individual who oversees your supervisor. In the event you feel your concern has not been addressed satisfactorily or if your concern is especially sensitive and/or confidential in nature, you will contact the Executive Director. Your concern will be investigated and a response will be provided within a reasonable time frame.

The Organization encourages all employees to constructively communicate any questions or concerns regarding employment. The Organization will make every effort to investigate and resolve an employee's concern on a fair and equitable basis. This policy does not provide employees a an endless forum for challenging decisions regarding discipline or regarding corporate decisions

that have already been addressed. Those decisions are at the sole discretion of the Auburn Valley Humane Society. Remember, concerns and problems cannot be addressed or resolved if they are not communicated.

D. Equal Employment Opportunity

The Auburn Valley Humane Society is an equal opportunity employer and makes employment decisions on the basis of merit. We want to have the best available persons in every job.

The Auburn Valley Humane Society is committed to compliance with all applicable laws providing equal employment opportunities. This commitment applies to all persons involved in the operations of the Auburn Valley Humane Society and prohibits unlawful discrimination by any employee of the Auburn Valley Humane Society including supervisors and coworkers.

To comply with applicable laws ensuring equal employment opportunities to qualified individuals with a disability, the Auburn Valley Humane Society will make reasonable accommodations for the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or an employee unless undue hardship to the Auburn Valley Humane Society would be the result.

Any applicant or employee who requires an accommodation in order to perform the essential job functions should contact the Auburn Valley Humane Society representative with day-to-day personnel responsibilities and request such an accommodation. The individual with the disability should specify what accommodation he/she needs in order to perform the job. The Auburn Valley Humane Society will then conduct an assessment to identify the barriers that interfere with the equal opportunity of the applicant or employee to perform his/her job.

If you believe you have been subjected to any form of unlawful discrimination, you are required to submit a written complaint to your supervisor or the individual with day-to-day personnel responsibilities as soon as reasonably possible. Your complaint should be specific and should include the names of the individuals involved and the names of any witnesses. The Auburn Valley Humane Society will immediately undertake an effective, thorough, and objective investigation and attempt to resolve the situation.

If the Auburn Valley Humane Society determines that unlawful discrimination has occurred, effective remedial action will be taken commensurate with the severity of the offense. Appropriate action will also be taken to deter any future discrimination. The Auburn Valley Humane Society will not retaliate against you for filing a complaint and will not tolerate retaliation by management, employees or your co-workers.

E. Unlawful Harassment

The Auburn Valley Humane Society is committed to providing a work environment free of unlawful harassment. The Auburn Valley Humane Society policy prohibits sexual harassment and harassment based on pregnancy, childbirth or related medical conditions, race, religious creed, color, national origin or ancestry, physical or mental disability, medical condition, marital status, age, sexual orientation, or any other basis protected by federal, state, or local law or ordinance or regulation. The Auburn Valley Humane Society's anti-harassment policy applies to all persons involved in the operation of the Auburn Valley Humane Society and prohibits unlawful harassment by any employee

of the Auburn Valley Humane Society, including supervisors and coworkers. It also prohibits unlawful harassment based on the perception that anyone has any of those characteristics, or is associated with a person who has or is perceived as having any of those characteristics. Prohibited unlawful harassment includes, but is not limited to, the following behavior:

- Verbal conduct such as epithets, derogatory jokes or comments, slurs or unwanted sexual advances, invitations, or comments;
- Visual displays such as derogatory and/or sexually-oriented posters, photography, cartoons, drawings, or gestures;
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work because of sex, race, or any other protected basis;
- Threats and demands to submit to sexual requests as a condition of continued employment, or to avoid some other loss, and offers of employment benefits in return for sexual favors; and;
- Retaliation for reporting or threatening to report harassment.

If you believe that you have been unlawfully harassed, you are required to submit a written complaint to your own or any other Organization supervisor, the Executive Director or any Board Member of the Organization as soon as reasonably possible after the incident.

Your complaint should include details of the incident(s), names of the individuals involved, and names of any witnesses. Supervisors will refer all harassment complaints to the Executive Director, investigative officer, or the executive Committee of the Board of Directors of the Auburn Valley Humane Society. The Auburn Valley Humane Society will immediately undertake an effective, thorough, and objective investigation of the harassment allegations.

If the Auburn Valley Humane Society determines that unlawful harassment has occurred, effective remedial action will be taken in accordance with the circumstances involved. Any employee determined by the Auburn Valley Humane Society to be responsible for unlawful harassment will be subject to appropriate disciplinary action, up to and including termination of employment. An Organization representative will advise all concerned parties of the results of the investigation. The Auburn Valley Humane Society will not retaliate against you for filing a complaint and will not tolerate or permit retaliation by management, employees or co-workers.

The Auburn Valley Humane Society requires all employees to *immediately* report or report as soon as reasonably possible any incidents of harassment forbidden by this policy so that complaints can be quickly and fairly resolved. All information regarding a complaint, investigation and any corrective action is confidential. All parties involved and/or interviewed shall keep the matter confidential. Only those parties with a legitimate business “need to know” will be given an appropriate level of information.

F. Employee Classification and Status Classification

Regular Full-time Employees

Employees, who regularly work a minimum of 32 hours per week on a continuing basis, are considered “regular full-time employees.” All regular full-time employees may enroll in Organization sponsored benefits after 90 days of continued employment.

Regular Part-time Employees

Employees who regularly work fewer than 32 hours but more than 19 hours per week are considered “regular part-time employees.” Regular part-time employees should contact the Executive Director for the eligibility requirements of any Organization-sponsored benefits

Status

Non-Exempt Employees

Non-exempt employees include all regular employees who are covered by the overtime provisions of the Federal Fair Labor Standards Act or any applicable state laws. Employees in this category receive overtime compensation in accordance with the Fair Labor Standards Act (for all hours worked in excess of 40 hours within a given work-week).

Exempt Employees

Exempt employees include all regular employees who are classified by the Organization as exempt from the overtime provisions of the Federal Fair Labor Standards Act.

G. Job Duties

Your supervisor will explain your job responsibilities and the performance standards expected of you. You will also be provided a written job description upon request. Be aware that your job responsibilities may change at any time during your employment. From time to time, you may be asked to work on special projects, or to assist with other work necessary or important to the operation of your department or the Auburn Valley Humane Society. Your cooperation and assistance in performing such additional work is appreciated and expected.

The Auburn Valley Humane Society reserves the right, at any time, with or without notice, to alter or change job responsibilities, reassign or transfer job positions, or assign additional job responsibilities.

H. Performance Reviews

The Organization believes that employees should be kept informed of their performance both positive and negative. Performance reviews are an important part of communicating to employees regarding their overall job performance, identify areas of needed improvement as well as any area employees may excel and exceed expectations. Reviews are also used to discuss expected standards of performance and career development potential.

Performance reviews will be scheduled at a pre-determined time each year for all employees. Generally, employees receive an annual review in November.

Performance evaluations may review factors such as the quality and quantity of the work you perform, your knowledge of the job, your initiative, your job skills, and your interpersonal skills. The performance evaluations are intended to make you aware of your progress, areas for improvement, and objectives or goals for future work performance. Favorable performance evaluations do not guarantee increases in salary or promotions. Salary increases and promotions are solely within the discretion of the Auburn Valley Humane Society and depend upon many factors in addition to performance. Wage adjustments (if any) as a result of annual performance reviews, will be based on the current year’s performance review program. After the review, you will be required to sign the evaluation report acknowledging that it has been presented to you, that you have discussed it with your supervisor, and that you are aware of its contents.

I. Communication of Performance and Conduct Issues

The following guidelines have been developed to provide management with a method of communicating to employees any deficiencies and the corrective action needed. These guidelines do not constitute a mandatory step-by-step procedure and do not represent a progressive disciplinary process or formal policy. Management will determine the appropriate action based on the seriousness of the conduct and/or performance issues up to and including termination of employment without prior notice. Nothing in these guidelines is intended to create an express or implied agreement that alters the employment-at-will relationship that exists.

J. Responsibilities

Management will communicate to employees their job duties, Organization policies and management's expectations, to ensure that employees are treated fairly, equally and with respect.

Employees are responsible to be aware of Organization policies, procedures, safety standards as well as their individual job duties. When employees are unsure of any of these items, it is their responsibility to communicate this with their supervisors or the Executive Director.

K. Corrective Action Communications

The Auburn Valley Humane Society has established a system of discipline that may include verbal and written warnings. This system is not formal and the Auburn Valley Humane Society may, in its sole discretion, utilize whatever form of discipline is deemed appropriate under the circumstances, up to and including termination of employment. The system will make a reasonable effort to treat employees fairly and with respect and in no way limits or alters the at-will relationship.

Verbal: Verbal communications take place between management and employee on a regular and routine basis and can be for positive as well as negative issues. Generally, verbal communications for performance or conduct issues are used for minor problems or deficiencies and are placed in the personnel file.

Written: When management determines that an issue is important or severe, it will document as follows: the issue, performance expectations or policy, corrective action necessary and outcome of continued failure to correct the issue. Since this is not a progressive process, a verbal communication does not have to take place prior to a written communication or termination of employment; nor does a written communication have to take place prior to termination.

All written communication with employees regarding performance and or conduct shall become a part of the employee's official personnel record. Employees will be asked to sign the document stating only that they have read and understand the contents; a signature does not imply agreement with the final assessment.

Unless otherwise stated, immediate and continued improvement/compliance is expected of the employee. Time frames will only be used when management feels that the employee needs additional training for performance issues. All conduct issues are to be corrected immediately.

L. Employee Comments (Grievance)

The Organization does not have a formal grievance process. However, employees who feel that a communication and/or disciplinary action are unjustified are encouraged to communicate this with their supervisor or the Executive Director. Management will consider the employee's comments and then determine the appropriateness of the communication and/or corrective action to be

taken. Decisions regarding corrective action and/or discipline are the sole discretion of the Auburn Valley Humane Society.

M. Re-Hired Employees

Employees separated from the Auburn Valley Humane Society may be considered for re-hire subject to, but not limited to, available positions, qualifications, additional applicants and needs of the department and prior record with the Organization.

Employees who are re-hired following a break in service one month or less may be able to continue certain benefits without interruption. Employees who are re-hired following a break in service in excess of one month, other than an approved leave of absence, will be considered new employees from the effective date of their re-employment for all purposes, including for purposes of administering most Organization-sponsored benefits.

N. Resignations

We hope all employees will find their work both rewarding and enjoyable. However, in the event an employee decides to leave the Organization, the following is asked so that a qualified replacement can be found.

Employees have the right to resign with or without notice and with or without reason. While it is not required, it is requested that employees give their supervisor reasonable notice of their intent to leave the Organization.

Resigning employees will be asked to hold an "Exit Interview" with the Executive Director. This interview should be made prior to the employee's last day of actual work. Additionally, upon termination or resignation the employee must return the Employee Handbook, uniforms, keys, cell phones, pagers, computers and any other Organization property. It is the employee's responsibility to provide the Organization with any address changes so that tax information can be mailed to the proper address.

O. Employment Reference Policy

Employee and employment information are confidential. All requests for information of any kind regarding current or former employees must be handled through the Executive Director. No employee, supervisor or manager shall release any employment information, or write letters of recommendation, to any internal or external person, agency or institution without approval from the Executive Director.

P. Personnel Records

The Organization maintains a confidential personnel file for each employee. Items contained in this file may include, but are not limited to: application for employment, attendance records, performance reviews, payroll information, interview notes, and/or other records related to your employment at the Auburn Valley Humane Society. These records will remain on file during the course of employment (as well as after separation of employment) in accordance with Organization policy and state and/or federal regulations.

Personnel files are confidential and are the property of the Organization. Access to personnel files is limited to representatives of the Executive Director, supervisors, managers and administrators

(with a legitimate business need for file access) as well as the subject employee. Requests for personnel information or records from governmental agencies, and/or other outside parties with legal right to file access will be honored.

Employees are permitted access to their own personnel files at least once per year. Employees, who wish to inspect their file, must make an appointment with the Executive Director to do so.

The inspection will occur within a reasonable period of time and the Executive Director will be present during the file inspection. Employees may take notes on the contents of their files, and/or request photocopies of material containing their signature or any documents pertaining to their personal information or compensation. Under no circumstances are employees permitted to alter or remove the contents of their personnel file. If employees believe their personnel file contains erroneous information they must notify the Executive Director, who will then make a determination regarding whether or not the disputed information is to be removed.

Q. Employment of Relatives

The Auburn Valley Humane Society does maintain a strict policy that prohibits employment of relatives.

R. Employee Driver's License and Proof of Vehicle Insurance

Employees must notify the Executive Director within 72 hours of their driver's license being suspended or revoked or their personal vehicle insurance being cancelled or suspended. Any time an employee uses either their personal vehicle or a AVHS vehicle for AVHS business they must have a valid driver's license and current vehicle insurance.

SECTION II COMPENSATION AND PAY PRACTICES

The Auburn Valley Humane Society adheres to all local, state and federal wage and pay requirements. Should a change in regulations occur at the local, state or federal level that will impact the employees of the Organization, employees will be notified.

A. Work Schedules

Your supervisor will assign your individual work schedule. All employees are expected to be at their desks or workstations at the start of their scheduled shifts, ready to work.

The workweek begins at 12:01 a.m. Sunday and ends at midnight on Saturday.

B. Paydays

All employees of the Auburn Valley Humane Society are paid every other Friday for work performed during the previous pay period. If a regular payday falls on a holiday, employees will be paid on the following business day. There will be NO pay advances or draws for employees.

C. Automatic Deposit

The Auburn Valley Humane Society offers automatic payroll deposit for employees. You may begin and stop automatic payroll deposit at any time. To begin automatic payroll deposit, you must complete a form (available from the Director of Operations) and return it to the Director of Operations at least five days before the pay period for which you would like the service to begin. The employee should carefully monitor their payroll deposit statements.

To stop automatic payroll deposit, complete the available form and return it to the Director of Operations at least five days before the pay period for which you would like the service to end.

D. Payroll Deductions

Other deductions may be made from an employee's paycheck including: 1) insurance premiums and other elected benefits; 2) any garnishment as ordered by a state or federal court or any agency with authority to order such garnishment. Please note that court-ordered garnishments do not necessarily require employee authorization or permission.

E. Regular Time Worked

Non-exempt employees will be paid at the straight-time rate of pay for time worked under 40 hours per week. For time worked beyond 40 hours in a week, non-exempt employees will be paid time and a half. All hours worked will be recorded on the employee's time card.

F. Overtime

Due to the nature of our business there may be times when an employee will be asked to work overtime to assist us in meeting the needs of our customers. All overtime work must be previously authorized by a supervisor. The Auburn Valley Humane Society provides compensation for all overtime hours worked by non-exempt employees in accordance with state and federal law as follows:

- All hours worked in excess of 40 hours in one workweek will be treated as overtime. A workday begins at 12:01 a.m. and ends at midnight 24 hours later. Workweeks begin each Monday at 12:01 a.m.;

- Compensation for hours in excess of 40 for the workweek, shall be paid at a rate one and one-half times the employee's regular rate of pay;

Employees may have to work hours beyond their normal schedules as work demands require. No overtime compensation will be paid to exempt employees.

G. Make-up Time

The Auburn Valley Humane Society allows the use of make-up time when non-exempt employees need time off to tend to personal obligations. Make-up time worked will not be paid at an overtime rate unless the make-up time results in the employee working more than 40 hours within a given workweek.

Make-up time requests must be submitted in writing to your supervisor, with your signature, on the form provided by the Auburn Valley Humane Society. Requests will be considered for approval based on the business needs of the Auburn Valley Humane Society at the time the request is submitted. A separate written request is required for each occasion the employee requests make-up time.

If you request time off that you will make up later in the week, you must submit your request at least 24 hours in advance of the desired time off. If you request to work make-up time first in order to take time off later in the week, you must submit your request at least 24 hours before working the make-up time. Your make-up time request must be approved in writing before you take the requested time off or work make-up time, whichever is first.

All make-up time must be worked in the same workweek as the time taken off. The Auburn Valley Humane Society workweek is Sunday through Saturday. Employees may not work more than 11 hours in a day or 40 hours in a workweek as a result of making up time that was or would be lost due to personal obligation.

If you take time off and you are unable to work the scheduled make-up time for any reason, the hours missed will normally be unpaid. However, your supervisor will arrange with you another day to make-up the time if possible, based on scheduling needs. If you work make-up time in advance of the time you plan to take off, you must take that time off, even if you no longer need the time off.

An employee's use of make-up time is completely voluntary. The Auburn Valley Humane Society does not encourage, discourage, or solicit the use of make-up time.

H. Specialty Pay

At the Organization's discretion, it may at any time implement, change or discontinue specialty pay programs (i.e., stand-by, call back, and/or shift differentials).

I. Time Cards

All non-exempt or hourly employees are required to clock in and out according to their established schedule to ensure they receive the correct amount of pay. It is important that the time card not be lost, falsified or damaged. Employees are to observe the following rules regarding time cards:

1. Employees are not to work or sign in more than six minutes before or after their scheduled shift. Exceptions are permissible only when an employee has received approval by their supervisor.
2. Employees are to record time on their own time cards only. Employees must not sign in or record time for another employee.
3. Employees are required to sign out at any time when leaving the premises for personal reasons.

4. Time cards are the responsibility of each employee.
5. Overtime, modifications, or adjustments to an employee's time card must be initialed by the employee's supervisor.

J. Exchanging Shifts

Employees are not permitted to exchange shifts with other employees without the prior authorization of the employees' supervisor. No authorization for exchanging shifts will be granted unless the exchange can be accomplished without interference to operations and without either employee working overtime.

K. Rest Breaks

Rest and meal period schedules are maintained within each department. The Organization adheres to all State and Federal rest/meal period requirements. One ten-minute (10) paid rest period/break is provided for each full 4-hour worked in a workday. Employees are to sign out and in from rest breaks on the break sheet outside the break room at all times. Rest periods or breaks may not be combined together or added to an employee's meal period or his/her time card.

L. Meal Periods

Meal periods of at least 30 minutes are required for all employees working over five hours in a workday. Employees working five to six hours may request to waive their meal period. Unless otherwise stated or required by law, meal periods are unpaid. Employees are to clock out and in from lunch at all times. Rest and meal periods are intended to provide employees an opportunity for rest and relaxation and are to be enjoyed away from the employee work areas. Employees are entirely relieved of their work responsibilities during their unpaid meal periods.

M. Employees Volunteering for AVHS

AVHS feels very strongly employees be able to spend their time away from work free of any duties they participate in at AVHS. Therefore AVHS does not allow paid staff members to volunteer or perform volunteer duties for AVHS during their non-scheduled work hours. If there is a need for additional AVHS duties which are required to maintain shelter operations, these hours will be assigned and paid at standard rate of pay or overtime if the employee's hours exceed forty (40) hours within a work week. This does not preclude paid staff members to volunteer with outside animal welfare agencies if they so wish.

SECTION III EMPLOYMENT BENEFITS

The following is only meant to highlight the various benefits offered to eligible employees. For detailed information on each benefit, eligibility requirements and procedures please refer to plan document or the specific policy.

Enrollment for benefits must be completed no later than 30 days after an employee's eligibility date and unless otherwise stated in the benefit outline, an eligible employee's benefits are effective the 1st of the month following the 90 days. The Organization currently pays fifty (50%) of the employee's medical/dental premiums; the employee currently pays the remaining fifty (50%). The employee will also be responsible for any family coverage to be paid through payroll deduction.

The Organization's open enrollment for medical and dental insurance is held once each year. This means employees can enroll and make changes in their coverage without being penalized. Otherwise, if an employee does not enroll during their initial eligibility period, and later attempts to enroll in Organization sponsored insurance, the insurance carrier may deny coverage, and/or the insurance coverage may be reduced. An exception will be made when an employee experiences a mid-year qualifying event (i.e. marriage, divorce, birth or death, adoption, etc.). Eligible employees experiencing a qualifying event will have 30 days from the date of the event to elect, cancel or make changes to benefits without incurring any penalties. For complete information on benefits and enrollment, see the benefit summaries or contact the Executive Director. Comprehensive information regarding benefits is provided to employees within their first 90 days of employment.

A. Eligibility

Employees must work at least 32 hours a week to receive the complete benefits package.

B. Waiting Period

All benefits have a "waiting period" of 90 days.

C. Employee Benefits

Some of the benefits listed below are Organization-paid, some are employee-paid and some are a combination of both.

- Paid Time Off (PTO)
- Holiday Pay
- Health and Dental Insurance

D. Paid Time Off (PTO) Eligibility

While regular full-time employees are eligible to accrue PTO immediately, it can only be used after 90 days of employment.

E. Break in Service

A full time employee who has become eligible for employment benefits but is thereafter, voluntarily or involuntarily, moved into a part time or volunteer position for a continuous period of more than thirty (30) days, or because of termination of employment, or because of any other reason, becomes ineligible for employment benefits will not be retroactively entitled to benefits upon subsequently becoming employed full time. In such cases the employee will not be eligible for employee benefits until successful completion of a new ninety (90) day period of full time employment and any other requirement that may be necessary. Provided further that such an employee, upon becoming once again eligible for employment benefits, will begin to accrue benefits, to the extent permissible, at the said employee's pre-ineligibility rate. No benefits, or rights to benefits, shall accrue during the period of the break in full time service.

F. PTO Accrual

Regular full-time employees are eligible for Paid Time Off (PTO) in accordance with the following schedule.

- One to two years of service – 10 days
- Three to five years of service – 15 days
- Five or more years of service – 20 days
- Exempt employees will be treated as having worked 40 hours per week for the purpose of accrual.

PTO must be used in full one-day increments.

Note: Multiple PTO requests during certain times of the year may not be granted due to business needs.

If you are a full-time, hourly or salaried employee, PTO will be accrued at the rate of 3.076923 hours per pay period of continuous employment and can be used following the introductory period of when benefits started to accrue for the years one and two of service, 4.615385 hours per pay period for the years three to five years of service and 6.153846 hours per pay period for the years five or more of service.

G. Maximum PTO Balance

Each pay period employees accrue PTO hours which are added to their balance. This balance may not exceed 180 hours. Once they reach the maximum balance the PTO accrual stops until the employee reduces their PTO balance. Once the employee has used PTO and brought the balance below their maximum, they will begin to accrue again, however, this accrual will not be retroactive back to the date the accrual stopped. Employees may carry over their full balance from year to year; however their balance cannot exceed the maximum. It is the employee's responsibility to monitor their PTO balance and be aware of when they are reaching the maximum. Once the maximum balance is reached, accrual will stop.

H. PTO Usage

It is the responsibility of all employees to request to be paid PTO for any time off from work. Only accrued PTO may be used, no negative balances will be allowed. Requests must be made in advance using the appropriate time-off form, except in emergency situations and according to department policy. Approval of time off is on a first-come, first-served basis. Management reserves the right to approve or deny any request based on staffing and/or business needs. Employees are to follow the time off approval and/or absence notification procedures defined by their manager.

I. Unpaid Absence

Employees, who request time off, must use PTO for that absence unless they have requested to utilize and have made-up the lost time (see Make-Up Time). Should an employee not have enough time, it will be up to management to approve or deny the request. This policy applies to both scheduled and unscheduled absences. A bona-fide leave of absence may be the exception.

J. Holidays

The Organization observes the following holidays:

New Year's Day
Martin Luther King Jr. Day
Memorial Day
Independence Day
Labor Day
Veterans Day
Thanksgiving Day
Christmas Day
Your Birthday
Floating Holiday

For salaried employees, if one of the holidays falls on their day off, it normally will be observed on the preceding or following day.

Full-Time Employees: Paid eight hours for observed holidays, or paid double time for the number of hours worked on that day.

Part-Time Employees: Paid time and one-half for the number of hours worked on that day.

K. Leaves of Absence

The Auburn Valley Humane Society allows an eligible employee to take a leave of absence in accordance with state and federal laws. You must request any leave in writing as far in advance as possible, keep in touch with your supervisor and/or the Executive Director during your leave, and give prompt notice of any change in your anticipated return date. If your leave expires and you fail to return to work without contacting your supervisor or the Executive Director, the Auburn Valley Humane Society will assume that you do not plan to return and that you have terminated your employment.

L. Pregnancy Disability Leave (PDL)

Pregnancy, childbirth, or related medical conditions will be treated like any other disability.

Any employee planning to take pregnancy disability leave should advise the Executive Director as early as possible. The individual should make an appointment with an Executive Director to discuss the following conditions:

- Employees who need to take pregnancy disability must inform the Auburn Valley Humane Society when a leave is expected to begin and how long it will likely last. If the need for a leave or transfer is foreseeable, employees must provide notification at least 30 days before the pregnancy disability leave or transfer is to begin. Employees must consult with their supervisor and the Executive Director regarding the scheduling of any planned medical treatment or supervision in order to minimize disruption to the operations of the Auburn Valley Humane Society. Any such scheduling is subject to the approval of the employee's health care provider;
 - If 30 days' advance notice is not possible, notice must be given as soon as practical;
- Upon the request of an employee and recommendation of the employee's physician, the employee's work assignment may be modified if necessary to protect the health and safety of the employee and their unborn child;
- Requests for transfers of job duties will be subsequent to a reasonable accommodation review.
 - Temporary transfers due to health considerations will be granted when possible. However, the transferred employee will receive the pay that accompanies the job, as is the case with any other temporary transfer due to temporary health reasons.

Pregnancy leave usually begins when ordered by the employee's physician. The employee must provide the Auburn Valley Humane Society with certification from a health care provider. The certification indicating disability should contain:

- The date on which the employee became disabled due to pregnancy;
- The probable duration of the period or periods of disability; and
- A statement that, due to the disability, the employee is unable to perform one or more of the essential functions of her position without undue risk to herself, the successful completion of her pregnancy, or to other persons.
- Leave returns will be allowed only when the employee's physician sends a release;

An employee will be required to use PTO during a pregnancy disability leave and;

- Duration of the leave will be determined by the advice of the employee's physician, but employees disabled by pregnancy may take up to four months. Part-time employees are entitled to leave on a pro rata basis. The four months of leave includes any period of time for actual disability caused by the employee's pregnancy, childbirth, or related medical condition. This includes leave for severe morning sickness and for prenatal care.

Leave does not need to be taken in one continuous period of time and may be taken intermittently, as needed.

Under most circumstances, upon submission of a medical certification that an employee is able to return to work from a pregnancy disability leave, an employee will be reinstated to her same position held at the time the leave began or to an equivalent position, if available. An employee returning from a pregnancy disability leave has no greater right to reinstatement than if the employee had been continuously employed.

M. Military

Employees who are called to active duty or who serve in the Reserves are allowed to take a leave of absence in accordance with laws.

N. Jury Duty

If an employee is called for jury duty, the employee must notify his/her manager immediately and provide a copy of the court notice to the Executive Director. The Organization does NOT offer paid jury duty leave. Employees who fulfill their civic duty by serving on a jury have the option of using PTO for their absence.

O. Voting

Employees, who do not have sufficient time outside of their regular working hours to vote in a statewide election, may request time off to vote. If advance notice is requested, employees will be allowed up to two hours of unpaid time off to vote. Employees are requested to vote either at the beginning or end of the employee's regular shift whichever will allow the most free time for voting and the least time off from work.

P. Special Religious Observations

Federal law requires that the Organization make reasonable accommodations for the religious needs and observances of its employees. For those employees who regularly observe Friday evening and Saturday, or some other day of the week, as their Sabbath, or who observe certain religious holidays

during the year, and who are conscientiously opposed to performing work or engaging in similar activity on such days, reasonable accommodations will be made when it does not cause undue hardship to the Organization's operations. Employees may use PTO time for these absences.

Q. School Visits

If you are the parent or guardian of a child or children enrolled in kindergarten through grade 12, you may take non-paid time off from work to visit the child's school. You must provide reasonable advance notice of your planned absence to your manager.

S. Domestic Violence Leave

Employees who are victims of domestic violence are eligible for unpaid leave. Employees may request unpaid leave if they are involved in a judicial action, such as obtaining restraining orders, or appearing in court to obtain relief to ensure their health, safety, or welfare, or that of their children. Employees may use PTO time for these absences

Employees must provide notice and certification of their need to take leave under this policy. Certification may be satisfied by providing any of the following:

- A police report indicating that the employee was a victim of domestic violence;
- A court order protecting or separating the employee from the perpetrator of an act of domestic violence, or other evidence from the court or prosecuting attorney that the employee appeared in court; or
- Documentation from a medical professional, domestic violence advocate, healthcare provider, or counselor that the employee was undergoing treatment for physical or mental injuries or abuse resulting in victimization from an act of domestic violence.

The Auburn Valley Humane Society will, to the extent allowed by law, maintain the confidentiality of an employee requesting leave under this provision.

The length of unpaid leave an employee may take is limited to 12 weeks provided for in the federal Family and Medical Leave Act of 1993.

T. Victims of Crime Leave

An employee who is themselves a victim or who is the family member of a victim of a violent felony or serious felony may take time off from work under the following circumstances:

- The crime must be a violent or serious felony, as defined by law; and
- You must be the victim of a crime, or you must be an immediate family member of a victim, a registered domestic partner of a victim, or the child of a registered domestic partner of a victim.

An immediate family member is defined as: a spouse, child, stepchild, brother, stepbrother, sister, stepsister, mother, stepmother, father or stepfather.

A registered domestic partner means a domestic partner who is registered in accordance with Washington state law.

The absence from work must be in order to attend judicial proceedings related to a crime listed above.

Before you are absent for such a reason, you must provide documentation of the scheduled proceeding. Such notice is typically given to the victim of the crime by a court or government agency setting the hearing, a district attorney or prosecuting attorney's office or a victim/witness office.

If advance notice is not possible, you must provide appropriate documentation within a reasonable time after the absence.

Any absence from work to attend judicial proceedings will be unpaid, unless you choose to use PTO.

U. Workers' Compensation

The Auburn Valley Humane Society, in accordance with state law, provides insurance coverage for employees in case of a work-related injury.

V. Personal Leave

Employees may request a personal leave of absence for up to 30 consecutive days in a year. The employee may or may not be returned to their same position, hours, status and/or location upon returning from a personal leave of absence. Requests for personal leave are reviewed on a case-by-case basis and may be granted or denied at management's discretion.

W. Benefits While on Leave

V – I. Health and Dental Insurance

The Organization may continue to pay depending on Insurance Carriers policy for an employee's health/dental insurance during their leave so long as the employee continues to pay their normal portion (the amount, if any, deducted each pay period for medical and/or dental).

V – II. PTO

Depending on Insurance Carriers policy employees may possibly coordinate PTO with any disability or Workers' Compensation payments not to exceed the employee's normal pay period gross. During an unpaid leave of absence, PTO accrual stops. Upon return from an unpaid leave, PTO accrual will resume.

V – III. Accommodations & Restrictions

It will be necessary for the Organization to review and consider any restrictions and/or reasonable accommodations that an employee may have prior to allowing the employee to return to work. If upon release from their medical provider an employee is released with restrictions or needs accommodations, the Organization will determine if it can reasonably and safely meet those restrictions and/or accommodations.

V – IV. Termination

The Organization may consider an employee to have voluntarily resigned if the employee fails to return on the expected return date or fails to request and receive approval for an extension to their leave.

SECTION IV STANDARDS OF CONDUCT

A. Prohibited Conduct

Employees are expected to meet acceptable standards of conduct and performance. Satisfaction of these standards not only promotes productivity and efficiency, but also helps to ensure that all employees will enjoy a pleasant and cooperative work environment. Employees are expected to treat customers, visitors, fellow employees and management with respect and courtesy, to work in cooperation as a team member and to maintain civility and professionalism at all times and follow all laws and federal and state laws.

As explained elsewhere in this handbook, employment at the Auburn Valley Humane Society is at will, and may be terminated at any time, either by the employee or the employer, for any non-discriminatory reason, with or without cause or advance notice.

Accordingly the Organization does not adhere to any formal system of discipline. Nevertheless, where the employer determines it to be appropriate in the exercise of its discretion, it may attempt to give an employee a prior written or oral warning and an opportunity to improve or correct a performance and/or conduct issue prior to discharge.

The Auburn Valley Humane Society reserves the right to request a candidate for employment to submit to a pre-employment drug test or for an employee to submit to a post-accident testing drug test if there is reasonable suspicion that the employee is under the influence of alcohol, non-prescription drugs or other controlled substances. This test is not voluntary, it is a condition of continued employment and refusal of such testing will be treated a positive test result. The Organization also reserves the right to conduct searches of Organization property or employees and/or their personal property, and to implement other measures necessary to deter and detect abuse of this policy.

C. Corrective Action

Due to the serious nature of our business and the potential for harm to co-workers, customers and visitors by individuals under the influence, violation of this policy will result in immediate corrective action up to and including termination of employment.

D. Organization's Right to Inspect

The Organization reserves the right to take any and all appropriate and lawful actions necessary to enforce this substance abuse policy including, but not limited to, the inspection of the employees' personal property in certain circumstances as well as Organization-issued lockers, computers, voicemail boxes, desks or other suspected areas of concealment. Full compliance with this substance abuse policy is a condition of employment and continued employment.

E. Appearance Standards

Employees are expected to observe good habits of grooming and personal hygiene and present a neat, professional appearance at all times. Please remember that a professionally and properly attired employee helps present and maintain a positive work environment with a minimal amount of distraction.

Employees who report to work inappropriately dressed will be sent home, and expected to return to work in proper attire.

Each department coordinates with the Executive Director Office to establish its own specific standards of dress. Though employees are requested to ask their supervisors for specific dress codes for their department, all employees (regardless of position or job) are asked to follow the general guidelines listed below:

- All shirts must cover shoulders and midriffs
- No torn, ripped, stained, dirty, sheer or see-through clothing
- No offensive or harassing messages or logos on clothing

The Auburn Valley Humane Society is a professional place of business, and employees should dress accordingly.

F. Confidentiality

The protection of confidential information is essential to the Organization, its customers and the future security of its employees. Employees who are exposed to confidential, sensitive, or proprietary information about the Organization, its customers, clients or employees are strictly prohibited from disclosing such information without Organization approval. You have responsibility during the performance of your duties to prevent revealing or divulging any such information unless it is necessary for you to do so by court order or by writing approval by the Executive Director of Auburn Valley Humane Society. Access to confidential information should be on a "need-to-know" basis and must be authorized by your supervisor. Employees who improperly disclose sensitive information and/or confidential information will be subject to disciplinary action up to and including termination of employment.

G. Customer Relations

Employees are expected to be polite, courteous, prompt, and attentive to every customer. When an employee encounters an uncomfortable situation that he/she does not feel capable of handling, a supervisor should be called immediately. Customers are to be treated courteously and given proper attention at all times. Never regard a customer's question or concern as an interruption or an annoyance. You must respond to inquiries from customers, whether in person or by telephone, promptly and professionally.

Never place a telephone caller on hold for an extended period. Direct incoming calls to the appropriate person and make sure the call is received. Through your conduct, show your desire to assist the customer in obtaining the help he/she needs. If you are unable to help a customer, find someone who can.

Never argue with a customer. If a problem develops or if a customer remains dissatisfied, please ask your supervisor to intervene.

Never give a customer medical advice. If a customer has a medical question, please refer them to our local veterinarian list. All correspondence and documents, whether to customers or others, must be neatly prepared and accurate. Attention to accuracy and detail in all paperwork demonstrates your commitment to those with whom we do business.

SECTION V OPERATIONAL POLICIES

A. Attendance

Every employee is important to the overall success of our operation. Poor attendance and tardiness negatively affect productivity and make it difficult for the Organization to function effectively. Consequently, all employees are expected to maintain good attendance records, be on time and prepared to work as scheduled. An employee's record of attendance will be considered at the time of their performance/wage review.

If an employee is going to be late or absent the employee must notify his/her supervisor *directly*. In the event the supervisor cannot be reached, the employee must contact the Operations Manager or the Executive Director. Leaving a message on the supervisor's voicemail is to be used only as a final option. When possible, the call should be made at minimum, one hour before the start of the employee's shift to allow adequate time to make necessary arrangements to cover the employee's job responsibilities. Because each department and/or location has different staffing needs, employees are to review their department policy regarding time frames for pre-approval or check with their manager.

In order to avoid miscommunication, the employee must personally contact their supervisor and/or manager or appropriate designated personnel to report an absence. It is not acceptable for a family member, friend or other individual to report the employee's absence. This is especially important in the event a supervisor has questions or needs information from that employee. Exceptions may be made in extreme situations or emergencies. An emergency situations where an employee may be incapacitated and/or under medical care are the only exception.

B. Unscheduled Absences

Any absence from work (whether full or partial day), which was not requested by the employee and approved in advance by management, is considered unscheduled. This does not include pre-approved time off. Instances of excessive and/or chronic absenteeism will result in disciplinary action up to and including termination of employment without prior notice.

C. Tardiness

Tardiness is any time an employee arrives late for work and/or is not ready to work as scheduled. Instances of tardiness may be recorded in the employee's personnel file. Excessive tardiness is when an employee is late more than three (3) times within a 30-day period.

D. No Call - No Show

No Call - No Show is when an employee is absent for two (2) consecutive days or shifts without notifying the Organization. The Organization shall consider the employee to have voluntarily abandoned their position and will be terminated.

E. Workplace Safety

It is the policy of the Auburn Valley Humane Society to maintain a safe and hazard free work environment for all employees. The following list, though not all inclusive, is a general guideline for maintaining a safe work environment. Your supervisor will be responsible for going over the specific safety issues for your particular department.

Note: Corrective action may be used to ensure that employees follow safe work practices, and, depending on the severity of a safety violation, the Organization reserves the right to utilize any disciplinary action up to and including termination of employment.

13. If machinery or equipment needs to be adjusted, please bring it to the attention of your supervisor.
14. Help keep entrances, exits, walkways and stairways unblocked and free from debris.
15. In the event of fire, begin evacuation immediately.
16. To avoid back strain always use the correct lifting technique:
 - a. First, visually size up the load to be lifted, consider weight, size and shape to help your body prepare for the lift.
 - b. To lift, lower yourself by bending at the knees while keeping your back as straight as possible. Try not to bend unnecessarily at the waist.
 - c. Use your legs to *push* upward rather than using your back to *pull* upward.
 - d. Keep the load close to your body to reduce muscle strain.
 - e. Always request assistance if a load is too heavy or awkward to be moved by yourself. If you have to turn while carrying a load, first change the position of your feet, then turn your body.

G. Smoking

Absolutely no smoking is permitted in any building or office. If you do smoke, you are to smoke only during your scheduled breaks which you have signed out for and/or lunch period for which you have clocked out for, no exceptions. I – I. The Organization's Rights to Access Information:

Although employees have individual access codes to voice mail, e-mail, and computer network systems, these systems are accessible at all times by the Auburn Valley Humane Society, and may be subject to periodic, unannounced inspections. All system passwords must be available to the Auburn Valley Humane Society, if programs, folders and/or files are password protected; employees are to give those passwords to their manager who will in turn give them to the Executive Director.

I – II. Systems are Restricted to Organization Business:

Employees are expected to use the e-mail, voice mail, and computer network systems for Organization business only and not for personal use. Personal use includes, but is not limited to, soliciting or campaigning for personal causes, commercial ventures, political causes, outside organizations, or other non-job-related situations.

I – III. Forbidden Content:

In addition, the Organization reserves the right to access at all times information and communications stored in Organization computer files and on Organization disk drives.

Because such searches for Organization property might result in the discovery of an employee's personal possessions, employees are encouraged not to bring into the workplace any item of personal property that the employee does not want to reveal to the Organization.

The Auburn Valley Humane Society reserves the right to take appropriate and legal action to prevent any employee from removing Organization property, materials, information and/or products without authorization.

M. Telephone and Mail Systems

It is important to utilize the Organization's telephone lines only for business related calls. Personal telephone calls, other than a true emergency, are to be made during regularly scheduled rest and meal breaks.

Be aware of persons loitering for no apparent reason in parking areas, walkways, entrances and exits, and service areas. Please report any suspicious persons or activities to any supervisor on duty. Secure your desk, office or work area at the end of the day. When called away from your work area for an extended length of time, log out of your computer and do not leave valuable and/or personal articles in or around your workstation that may be accessible.
